TITUS FRANCIS CANDIDATE FOR PORTSMOUTH CONSTITUENCY

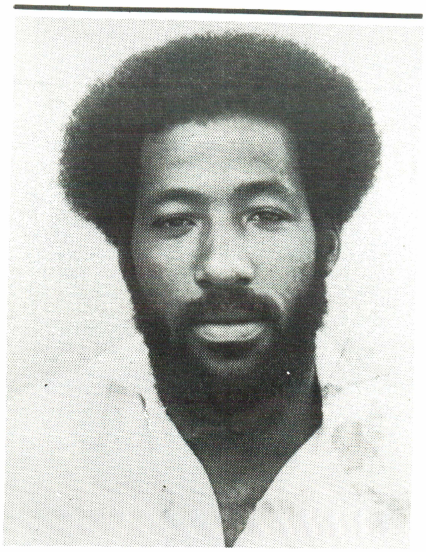

A young dynamic personality, Titus (or Tus as he is called by friends) was first educated at the Portsmouth St. John's School and then at the SMA. At school Titus was always involved in speech contests and so developed a keen interest in current and world affairs. His academic achievements were very high. When the Portsmouth Secondary School was opened in 1971, Titus became one of its pioneering students. In Portsmouth, he immediately plunged himself in community work, and began to make an impact as a forceful leader and community organiser. He became President of the School's First Student Council, Editor of the School's Newspaper, Bumbo, and the first Head Boy.

After graduating in 1974, Titus founded the Portsmouth Youth Society for Education and Culture, and suceeded in organising cultural shows over the years on National Day and at Independance time. Conscious of the need for continuing education, he organised a Library to keep people informed.

Tus's involvement in Portsmouth naturally projected him on the national scene. He became first Vice President of the Dominica National Youth Council and for his tireless work, he was awarded a certificate in Youth Work from the Caribbean Regional Youth Centre in Guyana.

As a teacher at the Portsmouth Secondary School, Titus has excelled in his duties and is well loved by the students. He played a key role in giving birth to the School's P.T.A. and Teacher Titus successfully proposed a shift system when the school faced a space problem.

On this record, the DLM-Alliance have no fear in presenting Titus as the right man for the Portsmouth people. He shines like a star among the dark clouds of the other parties' candidates.

BERNARD WILTSHIRE
CANDIDATE FOR ROSEAU CENTRAL CONSTITUENCY

Bernard's background is rich and exciting. Born in Montine, Grand Bay, on November 22, 1947, Bernard spent most of his youth in Castle Bruce where his father came from. After primary school at the Castle Bruce Government School, he, like many of our finest sons and daughters came to Roseau to attend the Grammar School. In 1962, he joined his mother in England where he finished high school and attended the University of York and the University of London, where he obtained degrees in Political Science and History.

After graduating, Bernard made an extended trip to Africa and taught African History at the University of Legon in Ghana. Upon returning to London in 1971, Bernard got involved in community work there, and established the Kwame Nkrumah Supplementary School for West Indian and African children.

In 1972, he got a bursary to Columbia University in New York as a PHD Candidate on the History of Dominica in the post slavery period. Bernard came to Dominica in 1975 to do research, and immediately became involved in the political struggle to defend the human rights of the people. In 1976, he was offered a post to teach African History at the University of the West Indies in Jamaica, and from there he was offered the job as Resident Tutor of the Extra Mural Department in Dominica, upon the retirement of his predecessor.

Bernard brings to the Alliance Party a wealth of experience and a high level of integrity, honesty and dedication, qualities that any leader must have if we must save our beloved Dominica from backwardness and poverty. In his work, be it his involvement in London and New York, be it his tireless struggle to defend the innocence of Desmond Trotter, or the organization he helped form in Grand Bay and elsewhere, to further education in our country, Bernard has shown the humility and capability of a strong determined and fearless leader. That is why the DLM-Alliance has chosen Bernard as your Roseau Central Candidate.
