MAGARET PAUL
CANDIDATE FOR BENSE, PAIX BOUCHE CONSTITUENCY

Magaret who was born in the village of Paix Bouche 24 years ago, came from a very poor hard working family who struggled to send her to early school at Dos d'Ane. She later attended the Paix Bouche Government School which she left at the age of 15. In 1970, Magaret represented her school on a school to school project in Guyana.

She boasts an impressive record of involvement in community affairs, having been Chair-person of the village Youth Group, and at the age of 17, became an Executive member of the Northern District Youth Steering Committee.

Shortly thereafter, Margaret emigrated to the U.S.V.I. in search of employment. She returned in a year's time but soon left again for Guadeloupe and the Saints, where she became deeply involved with groups struggling for the upliftment of the poorer classes of people.

Margaret has maintained a deep feeling for the poor, and her determination to struggle to wipe out the causes of poverty and oppression of the class of her roots, naturally served to attach her to the DLM-Alliance, the only party capable of leading the working class to victory.

Being the only woman candidate of the DLM-Alliance, Margaret has developed a deep understanding of the problems associated with the oppression of women in Dominica and the Caribbean.

She stands strong on the side of the poor. She is the best Candidate for Paix Bouche, Belmaniere, Bense and Dos d'Ane.
